FOR IMMEDIATE RELEASE

## PRESS RELEASE

Marcia LaReau, Ph.D., president of Forward Motion LLC, will be presenting **Changing Careers in a Changing Job Market** on Wednesday, May 13. Understanding the processes of career innovation, career creation, and the steps to take so you continue to enjoy a secure future are key. Marcia will also focus on how to transition your skills into a different market. You don't want to miss this first-rate provocative presentation which runs from 8 to 11 a.m. at Beth El Temple, 2626 Albany Avenue, West Hartford.

"I believe that people are responsible for the outcomes of their careers. With so many people available for only a few jobs, a career strategy is critical to winning a job that fits," explains Marcia.

You can register for this free event by emailing [ecartledge@jfshartford.org](mailto:ecartledge@jfshartford.org) or call 860-236-1927 to learn more about the JETS program (JFS Employment Transition).
